# Portable Compressors

# **Mobilair™ M27 Utility**

# Versatile

The Mobilair™ M27 Utility rotary screw compressor is designed for cross mounting on service vehicles. It delivers 92 cfm at 100 psig and is ideal for a wide range of applications including sand/shot blasting, demolition, fence post driving, irrigation system maintenance and monument engraving.

## **Efficient and Reliable**

A heavy-duty 3-cylinder Kubota diesel engine direct coupled to our energy saving Sigma Profile air end produces more air per gallon of fuel. The high capacity cold start battery ensures reliable operation even under extreme conditions. The M27 Utility's rugged steel cabinet is powder-coated and built to protect the machine from dirt, water, and other contaminants. The engine and compressor have separate inlet filters with maintenance indicators. This protection, combined with a high efficiency cooling system allows the unit to operate in ambient temperatures up to 120°F.

# Convenient

The M27 Utility is very compact. It has both long and short side forklift slots as well as a single-point lifting bail for easy

# **Standard Features:**

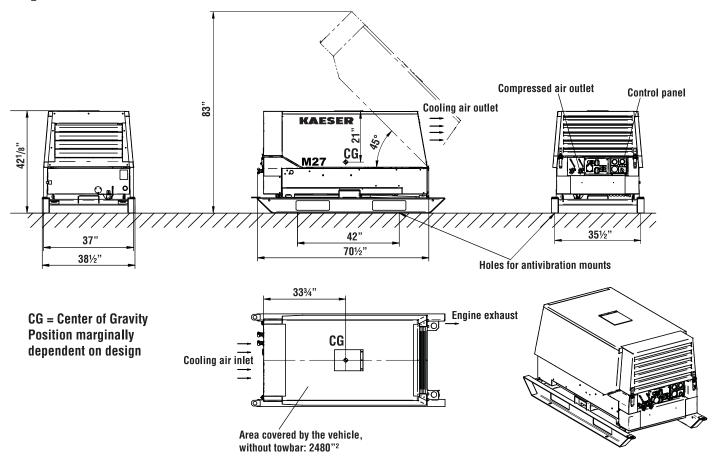

- Sigma profile rotary screw airend produces more air per gallon of fuel
- Meets Tier 4 EPA emissions standards
- Energy efficient direct drive
- Large fuel tank for 8 hours of continuous operation
- Powder coated steel enclosure with sound proofing and vibration isolation
- · High capacity cold start battery
- Patented anti-frost control prevents freeze-up
- · Highly efficient cooling system

## Options:

5 year warranty

mounting/dismounting. The two ¾" hose connections and controls are curbside for safety. The instrument panel features a full range of indicators, including hour meter, air pressure, fuel, and discharge temperature gauges. The canopy provides full access to the tool box and maintenance points. Sound and vibration isolation ensure smooth, quiet running for work crews and neighbors. Another important feature is the large 10.6 gallon fuel tank that provides extended operation - up to 8 full hours!

# **Specifications**
